Pure, Fresh Corn Meal

Made of select corn.

All manufactured and for sale by the undersigned.

Second-hand flour barrels, our own preferred, bought for cash at our cooper shop across the street.

We pay the highest cash price for wheat and corn. We also sell corn, bran and chicken feed and exchange any and everything in our line for wheat or corn.

Come to see us, or communicate with us, Street No. 220, South First, Telephone No. 356.

We spend our money at home for the raw material! Let us have some of it back for the manufactured article, so that we can continue to do business ourselves and at the same time help you. The money we pay out for grain and labor mostly stays in town, and the more our own people consume of our output the more we can make a market for home-grown breadstuffs and home labor. Business makes money circulate, one transaction helps another, and so it passes from hand to hand, and the community is helped.

Yours for good times,

Inferior Goods Knocked Out.

In the long run, good goods win every time. It has been our principle ever since we started in business to handle only the very best grades we could get. We have been particularly careful about our canned goods. Every brand that we sell can be depended upon. We know the canners—know them well—must know them well before we buy from them.

The fresh vegetable months are about over. That's the reason we now have a more than usually large and varied stock of canned goods.
